

## STANDARD INFORMATION - UL 1340:2016 ED.3+R:12MAR2019

**Standard Number:** UL 1340

**Standard Name:** Hoists

**Standard Edition and Issue Date:** 3<sup>rd</sup> Edition dated October 14, 2016

**Date of Revision:** March 12, 2019

**Date of Previous Revision of Standard:** October 14, 2016

## EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

**Effective Date:** **September 18, 2020**

## IMPACT, OVERVIEW, AND ACTION REQUIRED

**Impact Statement:** A review of all Listing Reports is necessary to determine which products comply with new/revise requirements and which products will require re-evaluation. **NOTE:** Effective immediately, this revised standard will be exclusively used for evaluation of new products unless the Applicant requests in writing that current requirements be used along with their understanding that their listings will be withdrawn on Effective Date noted above, unless the product is found to comply with new/revise requirements.

**Overview of Changes:** This revision of UL 1340 includes the addition of hoist requirements for residential use. Specific details of new/revise requirements are found in table below.

**If the applicable requirements noted in the table are not described in your report(s), these requirements will need to be confirmed as met and added to your report(s) such as markings, instructions, test results, etc. (as required).**

### **Client Action:**

**Information** – To assist our Engineer with review of your Listing Reports, please submit technical information in response to the new/revise paragraphs noted in the attached or explain why these new/revise requirements do not apply to your product (s).

***Current Listings Not Active? – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.***

## STANDARD INFORMATION

CLAUSE	VERDICT	COMMENT
		<i>New Supplement added;</i>
Supplement SA		<b>RESIDENTIAL HOISTS</b>  These requirements cover electric powered hoists of the overhead type intended for material lifting service using either chain, wire rope or fibre kernmantle rope for use in residential home/dwellings use with a load rating not exceeding 100 lbs. (68 kg). See standard for details.
		<b>CUSTOMERS PLEASE NOTE:</b> This Table and column “Verdict” can be used in determining how your current or future production is or will be in compliance with new/revised requirements.
