

STANDARD INFORMATION

This SUN establishes Continued Certification for currently Listed UL 1703 Listing Reports and introduces UL 61730-1 and UL 61730-2 as the superseding Standards.

Superseded Standard: UL 1703 Flat-Plate Photovoltaic Modules and Panels

Superseding Standards:

UL 61730-1 Photovoltaic (PV) Module Safety Qualification – Part 1: Requirements for Construction

UL 61730-2 Photovoltaic (PV) Module Safety Qualification – Part 2: Requirements for Testing

EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

Effective Date: **December 4, 2019 (new or revised products)**

IMPACT, OVERVIEW, AND ACTION REQUIRED

Impact Statement: Currently listed products to UL 1703 will be able to remain certified to UL 1703 after the effective date. After the effective date, if a change to the product is made, the product must have a full evaluation to both UL 61730-1 and UL 61730-2.

NOTE: Effective immediately, this new standard will be exclusively used for evaluation of new products unless the Applicant requests in writing that current requirements be used along with their understanding that their listings will need to be evaluated to the superseding standard if a change is made after the effective date.

Current Listings Not Active? – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.
