

STANDARD INFORMATION

If your report is certified to UL 499 and your product is intended for ceiling or floor heating installation, then it needs to be recertified to UL 2683 prior to the effective date.

If your report is certified to UL 1673, UL Subject 1683, or UL 1693 and the product is modified after the effective date then it needs to be recertified to UL 2683.

Legacy Standards:

UL 499 Electric Heating Appliances

UL 1673 Electric Space Heating Cables

UL Subject 1683 Electric Heating Products For Installation Under Floor Coverings

UL 1693 Electric Radiant Heating Panels and Heating Panel Sets

Replacement Standard:

UL 2683 Electric Heating Systems for Floor and Ceiling Installation

EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

Effective Date: October 1, 2022

IMPACT, OVERVIEW, AND ACTION REQUIRED

Impact Statement:

UL 499:

Electric heating appliances for floor and ceiling installations are required to be evaluated to UL 2683 prior to the effective date. Due to the changes between standards, full evaluation and testing to UL 2683 is required.

UL 1673, UL Subject 1683, UL 1693:

No action is required for currently certified products. If a product that is certified to UL 1673, UL Subject 1683, or UL 1693 is modified after the effective date, the product needs to be evaluated and certified to UL 2683. Due to the changes between standards, full evaluation and testing to UL 2683 is required.
