

## STANDARD INFORMATION

**This SUN announces the withdrawal of UL Subject 762 and introduces UL 705, Power Ventilators, as the superseding standard.**

**Superseded Standard:** Outline of Investigation for Power Roof Ventilators for Restaurant Exhaust Appliances, UL Subject 762

**Superseding Standard:** Power Ventilators, UL 705

## EFFECTIVE DATE OF NEW/REVISED REQUIREMENTS

**Effective Date:** **June 1, 2021**

## IMPACT, OVERVIEW, AND ACTION REQUIRED

**Impact Statement:** A review of all Listing Reports is necessary to determine which products comply with new/revise requirements and which products will require re-evaluation. **NOTE:** Effective immediately, this revised standard will be exclusively used for evaluation of new products unless the Applicant requests in writing that current requirements be used along with their understanding that their listings will be withdrawn on Effective Date noted above, unless the product is found to comply with new/revise requirements.

The entirety of ULC Subject 762 has been incorporated into UL 705 Supplement SC. Due to this addition in UL 705, UL Subject 762 is being withdrawn. All UL Subject 762 listings shall be certified to UL 705 prior to the effective date.

Note: NFPA 96 should also be removed from listings during this transition.

***Current Listings Not Active? – Please immediately identify any current Listing Reports or products that are no longer active and should be removed from our records. We will do this at no charge as long as Intertek is notified in writing prior to the review of your reports.***
