Introduction

Management Systems & Food Safety Training

Intertek's global network of experts are your partners in ensuring you and your organisation are equipped with the vital training and up to date knowledge you need to drive your business forward.

Through our professional training services, every year we train over 100,000 professionals in meeting requirements, improving business processes and products, and fulfilling demands. Courses cover international and regional regulatory developments, customer and legal compliance requirements, good manufacturing practices, quality management systems certification, evolving technology and markets, sourcing and development necessities, and more.

Course delivery methods:

- Virtual instructor-led public classroom
- E-Learning – learn at your own pace, in your own time
- In-House/On-Site - Bespoke courses delivered on your own premises

"It was simply awesome, an interactive and informative session. The tutor kept the team engaged and shared the knowledge with relevant examples of our industry."

"An absolutely brilliant course, I'd recommend anyone thinking about taking it, to go ahead!"

"This was an excellent 2 day course. I learnt a lot to support with auditing process, training was delivered in a highly professional manner, but easily relatable to the workplace"
